

**Leading Research Ambitions to Funding
MSTP Fall Retreat 2018 Agenda
Cincinnati Children's CCHMC T14.125 & T14.130
Saturday, October 20, 2018**

Retreat Goals

1. Develop strategies for integrating grant writing into MSTP training.
2. Learn how to apply known skills and new approaches to identify mentors, and integrate research and grant writing into residency and fellowship training.
3. Identify rewards and challenges in grant writing with strategies to overcome obstacles.
4. Develop a timeline for writing and submitting an individual fellowship grant.
5. Define critical grant elements including specific aim, question vs. hypothesis and association/correlation vs. causality.
6. Learn and practice strategies to develop new grant ideas.
